Enthusiastic Data Analyst aspiring to contribute value with a BBA degree from Techno Main Salt Lake. Adept at deriving insights from data, skilled in Python programming, proficient in Pandas data manipulation, experienced in SQL database querying, and adept in crafting interactive visualizations using Tableau and Power BI. Also well-versed in collaborative coding through Jupyter Notebooks and expert in version control using Git. Successfully completed an extensive Data Analysis certificate course. Excited to leverage these skills for the success of your team. Let's connect and explore how I can bring measurable impact to your projects.
